

MILITARY AND DEFENSE APPLICATIONS

SAFE, PROVEN, AND RELIABLE HIGH-PRESSURE SOLUTIONS.

Haskel equipment is ideally suited for the needs of the defense industry. Our products provide everyday solutions for numerous military applications, from actuation of military vehicle remote brake circuits to gun recoil mechanisms.

Below is a detailed layout of the applications our products serve. Our team is ready to customize a solution to fit your requirements.

APPLICATIONS	AIR	PUMPS	<ul style="list-style-type: none"> Hydraulic Jacks Charging CO2 Cylinders for Chutes Halon
		BOOSTERS	<ul style="list-style-type: none"> Suspension System Charging Charging In-Flight Bottles
		AMPLIFIERS	<ul style="list-style-type: none"> Tire Inflation Helicopter Pop Floats
	LAND	PUMPS	<ul style="list-style-type: none"> Hydraulic Suspension Armament Manufacture Missile Launch Leveler Tank Jacking Vehicle Remote Brake Circuits
		BOOSTERS	<ul style="list-style-type: none"> Gun Recoil Mechanism Fighting Tank Gas Suspension Helmet Manufacture Hand Boosters Argon Cooling Night Sights Missiles Infrared Cooling Systems Oxygen Concentrators
		AMPLIFIERS	<ul style="list-style-type: none"> Brake Pipe Pressure Test Brake Pad Assembly Radiator Pressure Testing
	SEA	PUMPS	<ul style="list-style-type: none"> Pressure Testing Boilers Bolt Tensioning Bottle Stretch Test Rigs Gun Turret Leveler CFC Recovery
		BOOSTERS	<ul style="list-style-type: none"> Mine-Sweepers Life Support Bottles Hand Boosters Gun Recoil N2 Charge
